❖ Profile Summary

Full Stack Web Developer skilled in building scalable web applications using **MERN Stack (MongoDB, Express.js, React.js, Node.js)** and modern frameworks like **Next.js**. Experienced in developing real-world projects including social platforms, voting systems, and service-based applications. Passionate about creating impactful digital solutions and continuously learning new technologies.

❖ Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Next.js
- **Backend:** Node.js, Express.js
- **Database:** MongoDB
- **Tools:** Git, GitHub, VS Code
- **Other:** REST APIs, Basic Data Analysis

❖ Projects

➢ Online Voting System (MERN Stack)

- Developed a secure and scalable online voting platform
- Implemented user authentication and role-based access
- Ensured vote integrity using backend validation logic
- Designed responsive UI for seamless experience

➢ Get Me Chai Patron Platform

- Built a creator support platform similar to “Buy Me a Coffee”
- Integrated payment-like flow and user interaction features
- Developed dynamic frontend using React.js
- Focused on real-world usability and UI/UX

➢ Twitter clone

- Developed a professional networking platform clone
- Implemented post creation, feed system, and user profiles
- Used React.js for frontend and Node.js for backend
- Applied responsive design and component-based architecture

➢ RWA (Rojgar With Ankit) Clone

- Building an ed-tech platform with course and dashboard features
- Working on authentication, UI design, and scalable architecture
- Focused on real-world product-level development

❖ Education

B.Tech – Computer Science & Engineering (2022–2026)
ITM College, Aligarh

❖ Certifications

- Deloitte – Data Analytics Job Simulation
- Python Certificate – Code With Harry
- JavaScript Certification – Online Course

❖ Career Objective

To secure a Full Stack Developer role in a reputed organization like HCL, Rojgar With Ankit, or Physics Wallah, where I can apply my technical skills to build impactful products and grow as a software engineer.
